GROUP OF LIGHTNING PROTECTION +

The group deals with the subject of lightning protection and correlated area namely electromagnetic compatibility as well as particular issues of electronic and electrical apparatus security. Research interests include and are not limited to: risk management, protection measures selection, protection measures installations, laboratory tests, computer simulations and individual investigation of lightning danger.

REPRESENTATIVE

Dr Eng. Tomasz Kisielewicz

Prof. Carlo Mazzetti di Pietralata – University of Rome “La Sapienza” – Italy
Prof. Farhad Rachidi-Haeri – École Polytechnique Fédérale de Lausanne - Switzerland
Prof. İlhan Tarimer – Muğla University – Turkey
Prof. Zdobysław Flisowski – Warsaw University of Technology - Poland
Prof. Jacek Starzyński – Warsaw University of Technology - Poland
Dr Eng. Bolesław Kuca – Warsaw University of Technology - Poland
Dr Eng. Giovanni Battista Lo Piparo – CEI – Italy
Dr Eng. Fabio Fiamingo – Campus Bio Medico – Italy
